

TOUFIQUE KHAN

Project Manager PM

+92 3202234775 | toufiqayaz@gmail.com | <https://linkedin.com/in/toufique-raza-khan-5b390b14>

I am excited to apply for the **Project Manager** position at Ortak Consultants. With **22+ years of experience** leading technology projects across the Middle East and US markets, I bring a proven ability to deliver complex IT solutions on time and within budget. My expertise in Agile project management, AI-driven systems, and cross-functional team leadership aligns perfectly with your requirements.

Why I'm a strong fit for Ortak Consultants:

✓ End-to-End Project Execution

- Successfully managed **50+ tech projects** including ERP implementations (SAP, Odoo) and AI-powered systems (MLOps frameworks)
- Led the complete lifecycle of **Medical Lien Management** software at Appedology, from conception to deployment

✓ Agile Methodology Expertise

- Certified **PRINCE2 Practitioner** and **PMP best practices** with hands-on Jira/Asana experience
- Reduced time-to-market by **20%** through Agile process optimization at Appedology

✓ Technical & Leadership Skills

- **MSc in Information Systems** (University of Liverpool) with AI/ML project exposure
- Managed budgets up to **\$5M** and teams of **15+ cross-functional members**
- Fluent in risk management - identified and resolved **30+ project risks** annually at AL-Kifah Holding

✓ Local Market Knowledge

- Extensive experience with **Karachi-based IT projects** and offshore team coordination
- Implemented SharePoint-based PM systems for UAE clients while based in Pakistan

My recent achievement includes establishing the **Project Management Office** at Appedology, where I developed standardized processes that improved delivery consistency across US and Pakistan teams. At AL-Kifah Holding, I managed the IT portfolio for 15+ companies, demonstrating the scalability you require.

I'm particularly impressed by Ortak's focus on innovative tech solutions. My background in **AI implementations** (including MLOps frameworks) and experience with tools like **Jira and SharePoint** would allow me to immediately contribute to your projects.

I would welcome the opportunity to discuss how my experience can benefit Ortak Consultants. Please find my resume attached for your review.

Thank you for your consideration.

Best regards,

Toufique Khan
